Sir

I have the honor to
submit herewith an extract from
the Proceedings of the meeting of the
Mangalavaramba Punyakoti dated
22nd

22nd July last regarding the reduction of the rate of duty on tobacco and to state that the duty on the above article is levied at one rupee per maund which is in conformity with the scale of rates laid down in the late Chief Commissioners notification No. 448-5 dated 23 dated 9th December 1879 published at page 175 of the Revenue manual

2. The members urge that the present rate is high and that in consequence the sale and importation of the article is very much affected. They therefore suggest that the uniform rate of duty on tobacco be reduced from one rupee

to Eight annas a maund in the case
of tobacco leaf and 4 annas a
maund in the case of tobacco powder.

3 I beg that the modifications
proposed be kindly sanctioned.

honor to enquire
whether tobacco

Requests therefore that the President
would be good enough to

I was the honor to reply in the affirmative and to state that if the levy of retrocession on tobacco powder be considered objectionable, the members of the Municipal Board at Nanjanagud are of opinion that the rate of duty on tobacco leaves need not be increased from one rupee to eight annas as demanded as formerly proposed.

2 The levy of retrocession on tobacco powder has been temporarily sanctioned &
